

Montessori Administrators of Georgia

Membership Form 2015-2016

Montessori Administrators of Georgia (MAG) is a group founded upon the desire to grow and better communicate the philosophies and practices of Maria Montessori to the childhood education community throughout the state. We endorse authentic Montessori standards, support fellow educators and advocate for best practices at all levels. As an advocacy group, MAG offers its members the opportunity to network with experienced Montessori administrators, mentoring and strengthening both existing and new schools in their goals to excel in the field of Montessori education, as well as actively supporting authentic Montessori teacher training, parent education programs, and outreach to the greater community around us.

MAG offers both school and individual memberships. School affiliation is not required for individual memberships. This is an opportunity to connect and stay engaged with the Georgia Montessori community. The membership period runs August 1, 2015 through July 31, 2016.
